## MURDERS MAN; ENDS OWN LIFE

TRAGEDY IN CROWDED NEW YORK RESTAURANT.

Woman Carries Out Threat to Murder Man "Before the World" Unless He Renewed Attention to Her—Shoots Herself Three Times.

New York, Jan. 22.—Sweeping through a crowded restaurant which takes up the eighth floor of Marcy's department store, and into the gentlemen's cafe to day, a stylishly dressed woman bent for a moment over the shoulder of a diner, whispered something in his ear, and then drawing a revolver from her muff, emptied the contents of five chambers into his body. As her victim, Frank Brady, a newspaper advertising solicitor, slipped lifeless to the floor the woman flung the weapon from her and taking a second revolver from her muff, shot herself in the head and then twice in the breast. She died half an hour later. A note found in the woman's purse proved her to be Mrs. Mary Roberts Clark, a manicurist, widow of a police officer. Brady was 30 years old and the sole support of his helpless aged mother, for whom he had made a home.

The shooting was the culmination of a series of violent quarrels, and according to the woman's friends, in fulfillment of a threat to murder Brady in a public place, "before the world," unless he renewed attention to her when he was less prosperous and she in a position to befriend him.

The suicide was Mary McLain when she married John Roberts; when the latter died a year ago she assumed the name of Clark and supported herself and child first as wardrobe woman at an uptown theater and then as manicurist. Last August she made a will in which she was able to provide for the education of her son at a fashionable school in Westchester county. While she was in prosperous circumstances and before the death of her husband, Brady had lodgings at her home and she declared she helped him to the success he subsequently attained. A few months ago he left her home and made a home for his mother. Recently Mrs. Clark thought Brady was avoiding her and when he called at her home occasionally they quarrelled. To day she went to a bank, made a cash deposit, wrote the note identifying herself and referring the reader to her attorney, and armed with three revolvers, went to the store where she knew Brady usually lunched. Stepping from the elevator she waved aside a waitress who approached her and made her way hastily to Brady's chair and spoke to him. Before he had time to reply she had shoved the revolver in his face and commenced firing. Head, neck, shoulder, breast and abdomen were successively pierced by the bullets and Brady lay dead at her feet.

Giving one glance at half a dozen men nearby who were momentarily stunned by the pitiless murder, Mrs. Clark whipped out another weapon from her furs and put a bullet near her right ear and two others in her bosom. The shooting was out of the sight of shoppers in the restaurant, but the report of discharges created consternation and there was a rush for the elevators. Employees of the place quickly closed the doors, shutting off the view of the smoking room and reassured women patrons, few of whom realized what had occurred. Police broke the news to Brady's mother and the Gerry society took charge of the dead woman's boy.

## FELT DISGRACE TOO KEENLY.

Cleveland, Ohio, Jan. 22.—Dependent because of his arrest on a charge of using the mails to defraud, John M. Bachert, a wealthy old man is at the point of death to day as the result of an attempt at suicide. Bachert was arrested and arraigned before a United States commissioner, Saturday. It was that as proprietor of the Reliance Oil & Grease company, he had sought to defraud other business concerns. Bachert held that his business was strictly legitimate and felt the disgrace keenly.

The specific charge on which Bachert was arrested was brought by the Cedge Brothers Iron Roofing company of Anderson, Ind.

## ARRESTS MADE.

St. Petersburg, Jan. 22.—A dispatch from Kiev reports the arrest there of a man and woman who have just arrived from Geneva, Switzerland, with a plan for a general distribution of arms and ammunition in Russia. The authorities captured also a considerable quantity of weapons.

## CANNON SAFE MAN

Tribute Paid Speaker of House by Judge Peter Grosscup of Chicago.

Chicago, Jan. 22.—"Uncle Joe Cannon can, in my judgment, safely and confidently be given the place at the wheel," said Judge Peter Grosscup of the United States circuit court, speaking to night at the banquet of the Illinois Lawyers' association. "As progressive among progressives," said the Judge, "one whose ideal is that the corporation may be so reconstructed and though it, as a trust, a worthy institution, property of America incorporated as well as unincorporated, will eventually become the property of the people of America—I wish to see in the next president of the United States a man not wholly an idealist, a man not wholly a practical man, but a man who, animated by the nation's best ideals, will set out to reach them on practical lines—will travel onward by roads laid on solid earth. Ahead of this generation lies a work which in time will constitute one of the greatest triumphs of our history. But to successfully accomplish it we must be safely piloted past the dangers of panic and business depression on one hand and dangers of greed and selfishness that wishes to remain unmolested on the other. It will take a trained captain as well as a determined one to pilot the ship. Courageous, hearty, straight forward, optimistic always, but never foolish, in strength and sympathy, captain who knows the chart and is not afraid to follow it, Uncle Joe Cannon can, in my judgment, safely and confidently be given the place at the wheel."

## MYSTERY STILL UNSOLVED.

Identity of Mutilated Body Found on Lake Shore Is Not Known.

Chicago, Jan. 22.—New mystery was added to day to the skein the police are trying to unravel in finding the identity of the young woman whose headless body was found in Lake Michigan. Two women last night at Schwiers undertaking establishment identified the body as that of their sister Jennie, who, they said they had supposed had eloped to Canada some time ago. One of the women became hysterical and when the undertaker tried to get their names they said they must first communicate with their parents. Unless this clue proves to be one with basis, the police probably will have to wait until some one can identify the body, for their search among the records of missing persons has revealed no one who could be the lake victim.

## FATHER AND SON SHOT.

Chesterfield, Ill., Jan. 22.—James Hickey and his son, Edward Hickey, were shot and perhaps fatally injured here this morning by Owen Dever. They were hauling corn to Chesterfield and one-half mile northeast of the place Dever appeared in the road and fired at Edward Hickey. The young man fell to the ground and the father started towards him, but before he could reach him he, too, was shot. They were taken to Chesterfield to a doctor's office. The shooting is believed to be the result of a quarrel between Dever and young Hickey over Dever's sister-in-law, Miss Stabler, with whom Hickey was keeping company.

## Livestock Association.

Denver, Colo., Jan. 22.—The eleventh national convention of the Livestock association will to morrow elect officers and select the place of next meeting. The afternoon was taken up in discussion of the Burkett bill for leasing public lands and it was approved by an overwhelming vote.

## SUMMONED TO WASHINGTON.

Havana, Jan. 22.—Announcement was made at Palace late to day Governor Magoon had been summoned to Washington. There is much interest and speculation regarding intentions of the president. Magoon will sail Monday.

## RESTRICT EMIGRATION.

Honolulu, Jan. 22.—Japanese Consul Saito has received a cablegram from Foreign Minister Hayashi notifying him that beginning Feb. 1st the only Japanese laborers who will be permitted to emigrate to Hawaii are those who are returning and who are immediate relatives of those already there.

## GERMAN SOCIALISTS.

Brunswick, Germany, Jan. 22.—The socialist suffrage demonstration held here this evening led to a collision with the police, in which several persons were wounded and many arrests have been made. About 6,000 socialists took part in the demonstration.

## FLEET LEAVES RIO JANEIRO

GIVEN ENTHUSIASTIC SENDOFF BY BRAZILIANS.

Officers and Men Royally Treated While There—Next Stop at Punta Arenas on Magellan Strait—President Visits Fleet.

Rio Janeiro, Jan. 22.—The American fleet left here about 3 o'clock this afternoon bound for Punta Arenas in the Straits of Magellan.

Ten days will bring the fleet almost midway on its 14,000 mile cruise to San Francisco, and the ships and men carried with them to day God speed and good wishes of the whole Brazilian nation. Not an incident has marred the visit of the Americans here. They were feasted and fêted, both officers and men, during their sojourn in Rio, and the population turned out from early morning to give time to feting.

Upon arrival of the fleet, as upon its departure, quays, public buildings and hills were crowded with thousands watching the warships until they had disappeared through the mouth of the bay into the open sea. President Penna came to Rio Janeiro from Petropolis and visited all the American ships. Accompanied by the minister of marine and other high officials, he visited the divisional flagship Minnesota, remaining there about an hour. Admiral Thomas, commander of the flagship; Captain Hubbard and American Ambassador Dudley received him with all honors and the band played the Brazilian national anthem. In the saloon of the Minnesota there was mutual exchange of greetings. Thomas made a little speech, in which he expressed the best wishes for the prosperity of Brazil and her people, concluding with "Brazil, God bless you for evermore."

The president responded with a thousand wishes for a good voyage of the fleet, prosperity for the United States and health of President Roosevelt. While the president was aboard the Minnesota and during his trip among the vessels salutes were exchanged and on his departure twenty-one guns were fired. Penna then returned to his yacht, which proceeded to a point off Fort Villegagnon to watch the departure of the ships.

About 3 o'clock it began to move, passing out in single column, and in inverse order according to divisions, the Alabama leading. The other divisions of the Brazilian navy followed composed of their battleship, seven cruisers and six destroyers. In the vicinity of Port Villegagnon they circled about, having on board thousands of spectators from the shore. Hundreds of launches and small craft from sporting clubs, all gaily decorated, were there, also, forming a stirring spectacle. The great warships moved slowly at first, but as they disappeared from view were steaming at a ten knot pace. One by one as they passed the president's yacht they saluted with twenty-one guns and the forts replied. There was much waving of small flags and handkerchiefs and cheering seemed incessant. The noisy blowing of hundreds of whistles on steam craft added to the noise. About this time a heavy shower fell, but the majority of the spectators held to their posts until the last warship had disappeared on the horizon.

## OLD COUPLE DISCOURAGED.

Aged Chicago Couple End Their Lives—Without Means of Support.

Chicago, Jan. 22.—Because they were old and without means to keep them from becoming a public burden, John Florian and his wife, 68 and 77 respectively, donned their wedding clothes, then took enough carbolic acid to bring death. Their bodies were found at their home on Wallace street by Charles Uhler and wife, who had called.

It was learned to day that late yesterday evening in planning for the double suicide, Florian had sought an attorney and made his will. His few meager possessions were left to a son who left home some time ago and whose whereabouts are unknown.

## UNION ORDERED DISSOLVED.

Cleveland, Ohio, Jan. 22.—Judge Phillips, in deciding the case against the Amalgamated Glass Workers' union to day, held the organization was in restraint of trade and ordered its dissolution on the ground of public policy.

Lansing, Mich., Jan. 22.—Governor Warner to night announced former Governor Rich had accepted appointment of state treasurer to succeed Clarier, who resigned to day.

## MAY SUSPEND INVESTIGATION

HARVESTER TRUST INQUIRY UP IN SENATE.

Resolution Offered by Senator Hansbrough—Says Trust Is Plotting to Defeat His Re-Election—House Proceedings—Other News.

Washington, Jan. 22.—The senate spent over an hour to day discussing the resolution offered by Hansbrough (N. D.), directing the department of commerce and labor to suspend its investigation into affairs of the International Harvester company, which was ordered by resolution over a year ago. During the discussion Hansbrough declared: "The Harvester trust" is attempting to control the selection of delegates to the next Republican national convention and is especially plotting to defeat him for re-election to the senate. The resolution finally was referred to a committee.

The criminal code bill was again considered for over two hours and at 4:40 the senate adjourned.

House. Rapid progress was made in the house to day in consideration of the bill to codify and revise the penal laws of the United States. The only amendment of any importance which got through was one by James (Ky.) making it a criminal offense, under heavy penalty, to falsify government crop statistics, the object of the amendment being to protect cotton and tobacco growers from speculators. Over fifty pages of the bill were disposed of.

Except for a political speech by Kimball (Ky.), the proceedings were monotonous and at no time were a hundred members in their seats. The house at 5:02 adjourned until to morrow.

## Internal Revenue.

The monthly statement of collections of internal revenue show for December, 1907, a decrease in receipts compared with December, 1906, of \$2,118,277. For six months of fiscal year the decrease, compared with the corresponding period of 1906, was \$4,300,510.

## Census Appropriation.

Director North of the census bureau to day asked the house committee on census for an appropriation of \$14,000,000 to defray the cost of the census of the United States for 1910. He said 3,300 additional clerks were needed in the census bureau, some to serve one to three years, and that 60,000 enumerators are required.

## Stephenson Memorial.

The Stephenson Grand Army memorial presented by the Grand Army of the Republic to the people of the United States in honor of the late Benjamin F. Stephenson, founder of that organization, will be erected in this city at the junction of Pennsylvania avenue, Seventh street, Louisiana avenue and C street north-west, directly east of the equestrian statue of General Hancock. Action to that end was taken by the statutory commission, of which Secretary Taft is chairman, to day.

## Capital Notes.

A bill organizing the state militia in such a manner as to make it conform to the organization and equipment of the regular army was introduced to day by Senator Dick.

Senator Bulkley to day introduced a bill requiring bank deposits in reserve banks to be maintained at 50 per cent of their original amount, and providing no interest shall be paid on such reserve deposits.

## Withdrawal of Deposits.

Secretary treasury late to day announced that owing to great improvement in financial conditions throughout the country he had begun the gradual withdrawal of deposits of public monies in moderate amounts from national banks. The first call made upon New York banks amounts to approximately \$10,000,000. This is in addition to about \$10,000,000 returned by New York banks since Dec. 26. The secretary also announced a general call for a moderate amount will be made upon banks in other cities at an early date.

## BRYAN AT NASHVILLE.

Nashville, Tenn., Jan. 22.—W. J. Bryan rounded out a busy day in Nashville with an address to night. He was accompanied by Judson Harmon, who also spoke briefly to night. Bryan's speech to night was along similar lines to those followed in former addresses.

## DECLARE FOR TAFT.

Fargo, N. D., Jan. 22.—The Republican committee to day selected Minot as the place, May 14 as date for the state convention to elect delegates to the national convention. The committee declared in favor of the nomination of Taft.

## THAW TRIAL NEARING END

FIRST ALIENIST CALLED BY DEFENSE ON STAND.

Mother of Prisoner, Kindergarten Teacher and Attorney Comstock Testify—Mrs. Thaw's Affidavit Differs From Testimony Given.

New York, Jan. 22.—The end of the second Thaw trial is fast approaching. This was indicated late to day when Dr. Charles G. Wagner, the first of the alienists to be called by the defense, took the stand for his preliminary examination.

Anthony Comstock, vice president of the Society for Suppression of Vice, had been heard as witness earlier in the day and Mrs. William Thaw the mother of the defendant, had completed her testimony. The kindergarten teacher who had charge of Harry Thaw as a lad of 6, also testified, and the day marked a long stride toward conclusion of the case.

Mr. Comstock's testimony had to do with Thaw's appeal to him to assist in closing up the house where Stanford White was alleged to have maintained elaborately furnished apartment and where young Thaw were said to have been mistreated.

Mrs. William Thaw told of Thaw's early life, of influence before his birth, and of mental unsoundness of two of her brothers.

Jerome read to the jurors an affidavit made by the elder Mrs. Thaw last year when the question of her son's sanity was before the lunacy commission. In that affidavit she declared that in the line of descent there had been no sanity in Harry Thaw's family for four generations. As to collateral cases Mrs. Thaw said in the affidavit there were but two and they were easily accounted for. In her statement to the commission Mrs. Thaw also resented insults which she said she had been compelled to suffer because of newspaper reports of insanity in her family and asserted there were no family secrets to hide and no skeleton to be bared. This was the most important evidence of the day.

## CONSTANTINE DYING.

Slayer of Mrs. Gentry Will Not Recover.

Chicago, Jan. 22.—Frank J. Constantine, the slayer of Mrs. Louise Gentry of Chicago, and who attempted to kill himself Saturday by throwing himself from a cell landing to the stone floor thirty feet below, to night is reported in a dying condition. At first it was thought he would recover, but late to day a blood clot was found near the brain and fatal results are looked for. Constantine is serving a life sentence for the murder of Mrs. Gentry.

## NAVIGATION CONGRESS.

Sioux City, Iowa, Jan. 22.—Seven states were represented at the opening of the Missouri Navigation congress here to day. Victor Bender of Council Bluffs, was chosen temporary chairman; A. B. Beall, of Sioux City, temporary secretary. The principal addresses this afternoon were delivered by Governor Cummins, of Iowa, and Congressman Ellis of Missouri. Both favored co-operation with other states in making fight for congressional appropriations for improving the Missouri river. Other speakers were Congressman Hubbard, Henry T. Clarke of Omaha and Thomas Wilkinson of Burlington.

## OWNERSHIP DISPUTED.

Mexico City, Jan. 22.—Disputed ownership of the Gulf islands off Yucatan coast, worth \$70,000,000, gives promise of a spirited legal clash between the United States and Mexican government. Heirs of J. W. Taylor, deceased, claim to have acquired full title from Pasquala Quinan, an American, who held the islands by right of discovery. The Mexican government claims the property is their territory. Affidavits of Quinan on file with the state department at Washington, show Quinan on January 12, 1880, took possession of the islands in the name of the United States.

## BOARD OF TRADE BANQUET.

Washington, Jan. 22.—The annual banquet of the National Board of Trade was held to night. The speakers included Vice President Fairbanks, Secretary Strauss of the department of commerce and labor, Speaker Cannon, Italian Ambassador Baron Mayor Des Plancis.

## SALOON TRAGEDY.

Decatur, Ill., Jan. 22.—Albert Beach to night shot and killed Ellis Hawkins at Mora in a saloon, where Beach had been a bartender. A previous quarrel led to the tragedy. Beach was arrested.

## ANSWERS BRYAN

Parker Speaks of Bryan's "Interest" in His Campaign in 1904.

Albany, N. Y., Jan. 22.—Alton B. Parker was to night shown an extract from a speech of William J. Bryan before the Kentucky legislature yesterday, in which Bryan was quoted as saying, that in 1904 he "took his medicine in Parker. Parker was the man above all others I did not want."

"What a pity," said Parker "Bryan failed to be equally frank in 1903. Had he done so the situation of the party would be vastly better than it is. There were but few Democrats that year, who thought it wise to have a third term candidate. But every man of sense knew that unless a man could be found who would receive Bryan's support his warm personal following would seek revenge for defeats of 1896 and 1900."

Parker says Bryan objected to Cleveland, Hill, Gorman, Gray, and said he would not oppose Parker, but when delegates began to be elected favorable to him (Bryan) started on his famous tour of denunciation. Dragons' teeth, which he then sowed, yielded an abundant harvest, aye, all that he could wish.

## SENSATIONAL ATTACK.

Governor Who Removed Treasurer Glazier Denounced.

Detroit, Mich., Jan. 22.—The resignation to day of State Treasurer Frank P. Glazier of Chelsea, and appointment of former Governor John T. Rich to succeed him, were accompanied by a sensational attack of the retiring state treasurer upon Governor Fred M. Warner, who had demanded Glazier's resignation, and reply to night by the governor, who denies the charges made. Warner denies that he was familiar with conditions of Glazier's bank at Chelsea, now in the hands of a receiver; denied that he ever mentioned to Glazier deposit of state funds in a Detroit bank, of which the governor is vice president. The governor declares the books of the Chelsea Savings bank show Glazier deposited state funds there "at a time when he was absolutely and positively knew both the bank and he himself were insolvent." When the bank closed it had \$684,000 state funds.

## COOKE DECISION DELAYED.

Chicago, Jan. 22.—John A. Cooke, convicted circuit court clerk, to day won a new delay in his fight for freedom by the habeas corpus route, when Judge McFwen announced from the bench that he would not render his decision until Saturday morning. The judge, in his announcement postponing the decision, declared that the press and other matters of judicial character had made it impossible for him to give the Cooke case the consideration it demanded.

## VIEWS OF JAPAN OFFICIAL.

Speaks of International Relations—Friendship of America.

Tokio, Jan. 23.—(Noon)—The house of peers met this morning (Thursday) and was addressed by Premier Saonji, who, speaking of international relations, said the responsibility for the far east largely rests on the shoulders of Japan, who had attained such a high position as the result of constant endeavor toward improvement on the part of its people. Saonji said it must be remembered the traditional friendship of the American government toward Japan remains unchanged, negotiations continuing in the most cordial manner. He further said he believed a solution of the emigration question will soon be reached.

## SALOONKEEPER SHOT.

Chicago, Jan. 22.—Failure to present two patrons with Christmas presents of bottles of whiskey, resulted in a quarrel which ended in the killing to night of Henry W. Kinski, saloonkeeper and trustee of Hammond, Ind. He was shot by George P. Pollas and Stephen Liscula who were arrested.

## BUSY ORGANIZING LEAGUE.

Galesburg, Jan. 22.—First steps were taken at a meeting here last night for the organization of the Western Illinois league with Galesburg, Canton, Monmouth, Havana, Beardstown and Macomb represented. Rushville and Bushnell will be asked to come in for an eight club circuit. A meeting for permanent organization will be held in Canton February 8, at which time protection will be asked under the national agreement for a class D. league.

## SPANISH WAR VETERANS.

Chicago, Jan. 22.—At a meeting of the United Spanish war veterans to night, Joliet, Ill., was selected for the next department encampment to be held in July.

## CANNOT LAND REVOLUTIONISTS

STEAMER CANNOT REACH HAITIAN SOIL.

Government Troops Preparing to Attack Gonaves—Commander Marvel Goes to That Point to Look After American Interests.

Port au Prince, Jan. 22.—The steamer Vortigern, which sailed from St. Thomas Jan. 18 with General Firmin, who was leader of revolution in Hayti in 1902, and a score of other exiled revolutionists on board, has made several attempts to land on Haytian soil.

Haytian government has declared the Vortigern a pirate ship and has called upon friendly nations to consider her as such and attack her. Government troops are concentrated around St. Marc and are preparing to attack Gonaves.

## Protect American Interests.

Washington, Jan. 22.—A cablegram was received at the navy department to day from Commander Marvel of the United States steamer Eagle announcing he had just arrived at St. Marc from Guantanamo. He found all quiet there and was proceeding at once to Gonaves to look after American interests there while the city is blockaded. The navy department has decided to send the gunboat Paducah, now at New Orleans, to Haytian waters during the revolutionary troubles instead of the cruiser Des Moines, as first intended.

## MINERS AND OPERATORS.

Next Wage Conference May Be Held in Chicago or Detroit.

Indianapolis, Ind., Jan. 22.—If the conference between miners and operators, to be held January 30, decides to call an interstate convention to fix a new wage scale it is probable the convention can be held in Chicago or Detroit. A prominent mine operator said to night that operators would insist the convention not be held in Indianapolis. President Mitchell, he said, in his annual address, advised miners to remain in session until after the conference of January 30, so that if miners and operators want to agree on a convention the miners can then decide what they want to do about next year's wages. Operators will not consent to the convention being held here. They want to get away from the great body of miners. The convention must be composed of operators and miners of the central district only. They do not propose to let themers of Iowa, Missouri, and Oklahoma have anything to do with it.

## WRESTLING MATCH.

Grand Rapids, Mich., Jan. 22.—Charles Hackenschmidt of Des Moines, Iowa, defeated M. E. Mueller of New York. Mueller won the first in eleven minutes and Hackenschmidt the second and third falls in 16 and 5 respectively.

## PRISONERS RELEASED.

Paris, Jan. 22.—A despatch from Casablanca says three prisoners captured by the French at Serrat were reclaimed by general consul and immediately released. The incident caused a sensation.

## SPEECH BY HUMPHREY.

Indirect Reply of Judge to Criticism of Immunity Decision.

Springfield, Jan. 22.—Judge Humphrey, of the United States district court, speaking before the Springfield Ad. Men's convention, delivered an address which was construed by many of his auditors as an indirect reply to criticisms of his famous immunity decision in the beef trust case. He laid especial stress upon the necessity of the judiciary maintaining its independence of public clamor and insisted courts should know no sovereign except the law.

He recalled the decision of Justice Marshall in the treason case against Aaron Burr while the public clamored for Burr's conviction. The colossal pressure of the national administration was brought to bear on the court to force Burr's conviction but the evidence submitted did not prove the law under which the charge was brought had been violated, and the court, in justice to law and its duty, found the defendant not guilty. Humphrey appealed for observance of the law in order to preserve and maintain peace and progress.

## DEATHS.

Chicago, Jan. 22.—James F. Bate, for many years one of the staff of the Record-Herald, died at his home here to night of acute gastritis.

Read the Journal; 10c a week.

## DEATH RECORD

## Luce.

State Register.—Word has been received at Loami of the death of Sherman Luce at Portland, Ore.

Mr. Luce was a former resident of Loami, leaving there two or more years ago in company with several others from there, some of whom returned, while others are in Washington and Oregon. Mr. Luce was well respected and had many friends in Loami who were surprised to learn a few weeks ago of his serious illness and confinement in a hospital since last June with chronic Bright's disease, he having been sent to a railroad company's hospital, having been employed by the railroad before his illness. Mr. Luce owns a neat little house at Loami. The remains will be brought to that town for burial. He is a brother of Fremont Luce of Bates, Lincoln Luce of Jacksonville and Mrs. William Edmonson, living in southern Illinois.

## Cox.

James M. Cox, one of the oldest native residents of Morgan county, passed away at the family residence, five miles north of Pisgah, Wednesday morning at 11:59 o'clock at the age of 82 years.

He was the son of Ancil and Lucy Cox and was born on February 10, 1825 on the same quarter section of land on which he died. He was known by all as a man of honesty, upright character and for his deeds of kindness. He was married February 26, 1846 to Sarah Petre and besides his wife is survived by two daughters, Mrs. Ansen Buchanan of Waverly, and Mrs. John Johnson of Jacksonville, and two sons, J. W. Cox of Curran, Ill., and H. P. Cox of Orleans. There is also one brother surviving, Albert Cox of Orleans, and one sister, Mrs. Mary E. Turney of Decatur.

The funeral services will be conducted Friday afternoon at 2 o'clock from the Sulphur Springs Primitive Baptist church in charge of Rev. S. A. Elkins of Montgomery City, Mo., with interment in Sulphur Springs cemetery.

## Wylder.

William Jasper Wylder, a prominent resident of Morgan county, passed away at the home of his daughter, Mrs. Thomas Paschall, at Chapin at 5 o'clock Wednesday evening, at the age of 76 years, 10 months and 18 days.

He was the son of Wiley and Temperance Wylder and was born in Greene county, Ill., March 4, 1831, and spent his boyhood days near Greenfield. On January 29, 1852,

he was married to Wilmore Jones and to this union was born one daughter, Mrs. Anna Paschall, of Chapin. Mr. Wylder was reared in the Methodist Episcopal church, and after reaching manhood united with the Christian church, of which he remained a member until death. He came to Morgan county in 1857, and settled on a farm near Markham, where he resided until 1871, when he removed to his new and modern house on or near the old home. His wife died on March 4, 1905, from which time he had lived with his daughter, Mrs. Anna Paschall. In his last years he became much interested in the new church enterprise in Chapin, and through his untiring efforts and generous contributions the church was erected. There is no one who could be more missed in the church than "Grandpa" Wylder. In politics he was a life long Republican and voted for Fremont in 1856. He was a good man, a loyal citizen and a kind father. About two months ago he was stricken with paralysis and gradually weakened, and about Jan. 10 he suffered a second stroke, which his system was not strong enough to stand. He was the last of a family of eleven children, seven sons and four daughters. He was an uncle of Rev. J. L. Wylder of Jacksonville.

The funeral services will take place from the Christian church at Chapin, Saturday morning at 10 o'clock, in charge of Rev. Mr. Cannon of Lincoln, Ill., and interment will be made in Jordan cemetery.

## Brown.

Messrs. Andre & Andre have word from St. Louis that C. L. Brown, a former resident of this city and now living in St. Louis, recently lost his wife and child. No particulars are given.

## FUNERALS

## Marcum.

The funeral of the late W. J. Marcum took place at the family residence on West Court street, Wednesday afternoon at 2 o'clock. At the house Rev. W. F. Short, D. D., officiated, delivering an excellent discourse suitable to the sad occasion. Dr. Leonidas Davis, pastor of Westminster church, offered an earnest and eloquent prayer. The music was furnished by Misses Ruth and Mildred Moore and Alex. Campbell, and the selections were "Nearer My God to Thee," "Rock of Ages," and "Lead Kindly Light."

There were many in attendance, completely filling the house and many were unable to get in. A good number of comrades of Matt Starr Post, G. A. R., were there informally, while

the Odd Fellows had charge of the services. There were many beautiful flowers and wreaths and they were in charge of Miss May Wheatland, Mrs. John Kerns and Miss Myrtle Sargent. At the grave in Jacksonville cemetery the exercises were conducted by the Odd Fellows of Urania Lodge, J. H. Campbell, noble grand, and Lycurgus Goheen, chaplain. The bearers were four Odd Fellows, Messrs. Herman Webster, John Minter, O. C. Matthews and Mayberry Walter, and two Grand Army comrades, Messrs. Matt Jensen and George W. Fox.

## Rippon.

The funeral services of Mrs. Martha Rippon were conducted Wednesday afternoon at 2:30 o'clock from the family residence, 1046 South Main street, in charge of Rev. M. N. English, pastor of Brooklyn M. E. church. Appropriate music was furnished by a quartet composed of Mrs. M. N. English, Mrs. Dennis Schram, Miss Olive Hodgson and Miss Hazel Glenn. There were many beautiful flowers and these were in charge of Misses Nellie Glenn, Evelyn Allen, Nellie Conkle and Carrie Spires.

The remains were interred in Diamond Grove cemetery and the bearers were James Allen, Freeman De Wolf, John Kirkman, George Dunavan, George Shibe and Newton Reid.

## Earl-Thayer.

Dr. Harry Earl and Miss E. Jennie Thayer were married recently at the home of the groom's sister in Omaha, Neb. Dr. Earl was formerly resident physician at Maplewood sanatorium and is now assistant physician at the state insane hospital at Cherokee, Iowa. His bride who is a graduate of the well known hospital at Meriden, Conn., was a nurse at Maplewood while Dr. Earl was in charge there. They will reside at Cherokee.

## L. E. FISCHER WILL SPEAK AT BUSINESS MEN'S BANQUET.

Arrangements are progressing satisfactorily for the banquet of the Business Men's association. A meeting of the chairman of the various committees was held Wednesday night. L. E. Fischer, vice president and general manager of the Illinois Traction company, will make the principal address of the evening and will probably be the only out of town speaker.

## BIRTHDAY SURPRISE PARTY.

Miss Beulah Carter was given a birthday surprise party at the home of her parents, Mr. and Mrs. C. C. Carter on West Morton avenue Wednesday evening, the occasion being the young lady's 17th birthday, by the sophomore class of the High school of which she is a member.

Miss Beulah was persuaded to take her dinner to school with her Wednesday, and for supper she was invited home by Miss Ethel Northrup, who in turn accompanied her home in the evening and to her surprise when they arrived at the residence, all was brilliantly lighted, and when entrance was made the merry laughter of her school friends announced the fact that they had come to help her celebrate her birthday. The house was attractively decorated in the high school colors, red and white. Various amusing games interspersed with an abundance of lively music helped to pass away the hours. The first prize for the evening was won by Earl Johnston and the booby prize by Lloyd Carter.

Miss Carter was the recipient of a number of handsome presents, which attested the friendship of her many friends. During the evening delightful refreshments were served, and it was a late hour when all departed with the best of wishes for their surprised friend.

## RHEUMATISM

The Cause and Cure.

Uric acid is introduced into the system by food and drink. Normally, the excessive amount of the acid should be excreted through the regular channels, but the amount that is retained and absorbed in the tissues is the cause of rheumatic troubles.

The Rholoids treatment possesses that peculiar quality to form a soluble compound with the uric acid and in this form it is carried from the system. We want you to test Rholoids and upon receipt of your name address we will mail a trial treatment. The Rholoids company.

The regular full size treatment \$1.15 sold by Armstrongs' Drug company.

## FUNERAL NOTICE.

The remains of Mrs. N. N. Wood arrived in the city at 9:05 over the Alton last night, from Chicago, and were taken to the home of M. F. Dunlap, on West State street, where the funeral services will be conducted this afternoon at 2 o'clock. The body was accompanied here by her son, James Wood, and his wife of Chicago. Mrs. W. A. Atwater of Seward, Neb., and Mrs. W. B. Kirby of Lincoln, Neb., daughters of the deceased, are here to attend the funeral. Mrs. Howard Doan, who is in Miami, Fla., is unable to attend the funeral owing to illness.

## SMART SET TO MORROW NIGHT.

"The Smart Set" has been booked at the Grand for Friday night. This will be one of the prominent musical attractions of the season, and, judging by its popularity in the past, it will be one of the most delightful offerings of the season. The perennial popularity of this clever colored organization is remarkable. "The Smart Set" is said to be the most popular colored organization in America, as it has been playing to the record breaking business in all the prominent cities in the United States.

## SOON TO LEAVE CITY.

Miss Eva Funkey, who has been cataloging the medical library of the city, expects to leave shortly for Evanston, where she will engage in library work. For the past few days she had been temporarily filling the position caused by Mrs. Howze's resignation at the public library. Miss Funkey's leaving the city will be a source of much regret by her many friends who has won by her affable manners and all will wish her an abundance of success in her new field of labor.

## S.S.S. MADE FROM ROOTS AND HERBS A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only laboratories from which they could procure their medicines. They searched out and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old time preparations is S. S. S., a medicine made entirely from roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisons, impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the taint of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles. Book on the blood and any medical advice free of charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

## Initial Display of New Spring Tailored Suits

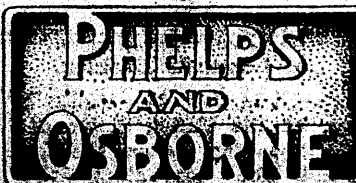

We place on sale this week the newest ideas in Spring Suits, which include many new and clever ideas from the foremost designers—the pretty butterfly suits; also some clever adaptations of the military coats in spring models. The materials are the prettiest that have been used in many seasons and include both plain cloths, shadow stripes, fancy worsteds and the new Rajah cloth. Prices range from \$20 to \$55.

## Special Display of Imported Gingham

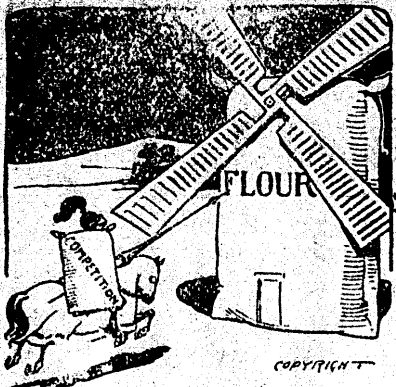

We open this week the new spring styles in Scotch Zephyr Gingham, which have such pretty colorings and splendid washing qualities. The designers of these Ginghams have excelled all previous efforts in the production of pretty color effects, producing combinations that heretofore have been possible only in materials of much higher cost. The yard, 25c.

## Pretty White Goods, 1908 Styles

The pretty, crisp and sheer white goods that we have just opened are indeed worthy of much favorable comment, as the styles are a considerable departure from the ones of previous seasons. Embroidered Swisses find a prominent place in this assortment and are to be had in wide range of designs which include many choice lace effects with embroidered designs on them. Prices range from 20c to 75c.

## CHARLES WEST SALE WELL ATTENDED

Proceeds Were Over Nine Thousand Dollars—Lunch Served by Ladies' Aid of Liberty Church—Mules Brought Good Prices.

The sale of Chas. West, held Wednesday on the Lafayette Lamb farm, one mile west of Markham, was largely attended notwithstanding the roads were exceedingly bad and the weather unpropitious. Cattle, horses, hogs, mules, grain and farm implements were offered for sale. The crowd came early and bidding was brisk. Two and three year old steers sold from \$34.25 to \$55. Mules sold from \$307.50 to 447.50 per span and the five span averaged \$387.50. Horses sold from \$116 to \$200. Oats brought 34 1/4 c per bushel. Hogs sold from \$6 to \$15 per head.

The Ladies' Aid society of Liberty church, served an excellent lunch and the sale was a grand success. There was no discount for cash, yet only one note was offered. The total proceeds of the sale was \$9,400. Jerry Cox & Son were the auctioneers and J. W. Lazenby and John A. Paschal were clerks. The Wabash gave special train service for the sale, stopping the early morning and late evening trains at Markham.

### POSSIBLY INNOCENT.

Several times notices have appeared in the press dispatches regarding the arrest, trial and imprisonment of Rev. Dr. Kaye of Lincoln on a charge of counterfeiting. The gentleman is well known to a number of persons in this city, and one of them has recently seen the gentleman who claims his entire work was wholly innocent of any intent to do wrong. In proof of this he cites the fact that he made little or no attempt at concealment. He was a person who liked to experiment, and do all sorts of things. In his residence he had a workshop where he did printing and a lot of things, and where the alleged counterfeiting was done. He was a popular man, much wanted on the lecture platform, had visited the orient and Europe several times and had many friends. The Journal is informed that more than a thousand dollars have been raised in Lincoln to secure a new trial.

### COTTAGE PRAYER MEETINGS.

The cottage prayer meetings being held by the Centenary church are proving quite successful, and much interest is being taken in them by the members of the church. Beginning last Monday two meetings a day, one in the afternoon and one in the evening are being held at the different homes of the church members, and all are well attended. This afternoon's meeting will be held at the home of William McElfresh, 629 Hardin avenue, at 3 o'clock, and the evening meeting at 7:30 o'clock at the home of W. B. Rexroat, 503 East College avenue.

### A VALUED LETTER.

C. C. Phelps, the well known and popular dry goods merchant, recently received from a relative a valued letter written by his mother to her son, other over half a century ago. The family then lived in Greenfield, Mass., though they had recently moved there from a place in the state of New York. The letter was written in a plain, distinct hand and is remarkably well preserved, the ink looking as fresh as when first used. Mr. Phelps' mother died when he was 6 years old, and anything left is doubly cherished by him.

Come this evening and enjoy the good oyster supper prepared by the ladies of Jordan street church at the old church building on West North street. Price 20 cents. Cream and cake extra.

### MAY FIND FORTUNE.

Douglas Smith, mail carrier on rural route No. 7, of the local office left recently for Oregon where he goes to look up a claim of Mrs. Smith to heirship in a large estate. The relative through whom Mrs. Smith is confident she inherits, died last fall. In the event the heirship is established she will come into a large amount of property.

### D. A. R. NOTICE.

The steam shovels at work along the Panama Canal save the work of 3,000 men. They will come in handy later on in internal improvements nearer home.

The Japanese tax for war expenses amounts to more than \$60 per capita. Payment of this burden for a few years will have a tendency to discourage the Jingo.

Guests at a Denver hotel waited an hour for their dinner because the waiters had struck. Evidently the guests are being trained for convention time.—Chicago Post.

By pulling off a small riot at every stopping place, the fleet may be able to distract attention from the riot the stay-at-homes have started.—Washington Post.

Many Republicans believe that Timothy L. Woodruff will be nominated for vice president in case other than a New York state man secures the presidential honors at the coming Chicago convention.

There is a movement on foot to send former President Grover Cleveland to Denver next summer, as one of the delegates at large from New Jersey to the Democratic national convention. Robert Davis, a prominent Democratic leader heads the movement.

The Democratic national convention to be held in Denver in July will be the first national gathering of its kind to be held in equal suffrage territory. It is more than probable that several women delegates will seek recognition from the convention.

The fight against Senator Bailey in Texas continues unabated. The latest development is an appeal issued by the Central Democratic club of Austin to the anti-Bailey Democrats calling upon them to begin the work immediately of organizing to send delegates to the state convention instructed to vote against Senator Bailey as a delegate to the national Democratic convention.

The Republican managers of Indiana have determined to select delegates to the national convention

gates to the national convention early in February and thus break all precedent in respect to such selections. The object is to place Mr. Fairbanks conspicuously before the country as Indiana's candidate. As soon as Indiana has taken official action there will be a concerted movement of the Fairbanks forces on other states.

**THE IRON BAROMETER.**

The year 1907, which broke many sorts of records, broke the United States record in exportation of manufactures of iron and steel, says the Globe-Democrat. The aggregate exportation of manufactures for the twelve months which ended on Dec. 31, 1907, was \$770,000,000. Of these shipments about \$200,000,000 were of iron and steel fabrics. The iron and steel exports for 1897 were \$63,000,000, and for 1887 they were \$16,000,000.

This is an important test of the industrial system of the United States. Our sales of iron and steel manufactures abroad, where we come into competition with the rest of the manufacturing countries, have increased in the past ten years many times as fast as our population. Nearly half, or \$95,000,000

these fabrics are of machinery of the various sorts, and among this class of goods are almost all kinds of machinery for typewriters up to mining apparatus and locomotives. American-made sewing machines and printing presses are found in every civilized country on the globe. American built locomotives are being sent to Europe, Asia, Africa, South America and the islands of the sea.

Within the lifetime of persons still actively at work Great Britain was so far ahead of the United States in iron and steel production and manufacture that nobody on either continent expected to see the day when we would catch up with that country. We passed it, however, in 1895. In 1907 the United States produced more iron and steel than Great Britain, Germany and France combined, the countries which stand nearest to us on that roll. The United States produces 40 per cent of the entire world's output of iron and 42 per cent of its steel. And our lead over all the countries is steadily increasing. Germany has now beaten Great Britain in iron production, but Germany is far behind the United States, and always will remain behind us, for she lacks our resources in ore, coal and the other ingredients which figure in iron and steel manufacture.

For the moment there is a falling off in iron and steel manufacture in this country, as there is in many other kinds of activities, but it is safe to assume that before

furnaces and factories will be as busy as ever and new "highests" will once more appear in production. The business setback has not hampered our exports of manufactures. Those are still on the upward grade.

**CONFESSES KILLING TWELVE.**

Man Charged With Murdering Four Eligible to Black Hand.

Denver, Colo., Jan. 22.—Antone Neroni, alias Bavori, in jail at Canon City, on charge of murdering four Italians at Florence, Colo., made a confession of Frank Sandesko, of Pueblo, an Italian detective, that he taken twelve lives, according to the story printed to day by the Republican.

Sandesko to get Neroni's confidence was put in a cell next to the prisoner and the guards in the jail gave them an opportunity to talk.

Sandesko represented himself as a member of the Black Hand from Pittsburg and said he was awaiting trial on a charge of murder. When Neroni professed a desire to join the Black Hand Sandesko told him that eligibility depended first upon the applicant having a minimum of 12 murders to his credit. Neroni, according to the story, said that he could show conclusively that he could stand this test. He confessed to eight murders in Italy.

**BASEBALL NEWS**

Waterloo is arranging for a baseball fair to run the week commencing Jan. 24. The purpose is to raise funds for the baseball association. A feature of the fair will be a voting contest for the most popular young lady, the winner to receive a diamond ring.

Manager Earle of Ottumwa has signed Buck Washer of Akron, Ohio, a fielder with a batting record of near .300. R. W. Wainwright, who played with the Armour Independent team of Chicago, a six foot pitcher, is another man signed by Earle. The following are among last year's Ottumwa players who have signed for this season: Sedgwick and Fleming, both pitchers; Hippert, second baseman, and Putman, left fielder.

As the Finn schedule now stands Waterloo will open the season in Jacksonville on May 7th.

Keokuk is considering the applications of one McNamara of the east, strongly recommended by Hugh Jennings of Detroit, and a manager named Webster, who comes from the west. It is touted that one of these men will lead the Redskins next year.

Kewanee, the new member of the Central association, will no doubt make good in the professional company class. The way in which the newspapers of the city boost the game is cause for congratulation. If the Kewanee press is doing now to the game when the season opens as the Kewanee press is doing now to arouse interest in the game and give the dope that is going around the circuit the success of the national pastime in Kewanee is assured. The Kewanee press has gotten right behind Manager Bosse and is giving him a big boost in the difficult task before him.

Here is about the best yet from the Oskaloosa Herald:

"Harry Berta has been formally elected manager of the Quincy club and has the affairs of the association well in hand. He has signed a number of desirable players. Affairs in Quincy are looking up and the fans believe they will have a winning team."

"It is rumored that the Burlington cross diamond will be ordered replaced by the ordinary dirt infield. Some of the managements claim that the grass diamond is unfair for visiting clubs and that Burlington players have the advantage over visitors by knowing the tricks of the grass infield. The teams want all alike, either all grass infields or all dirt fields."

"Hannibal is tralling around on the outskirts of the league waiting to get a chance at a franchise in the Central association. Should there be any club that does not come through with the four hundred dollars guarantee money on the first of February, Hannibal will be there with the coin and the right to be voted a place in the league."—Oskaloosa Herald.

**ECZEMA NOW CURABLE.**

All Itching Skin Diseases Which Are Not Hereditary Instantly Relieved by Oil of Wintergreen.

Can eczema be cured? Some physicians say "Yes." Some say "No."

The real question is, "What is meant by eczema?" If you mean those scaly eruptions, those diseases which make their first appearance, not at birth, but years afterward, and perhaps not until middle age—then there can no longer be any question that these forms of eczema are curable.

Simple vegetable oil of wintergreen, mixed with other vegetable ingredients, will kill the germs that infest the skin. Apply this prescription to the skin, and instantly that awful itch is gone. The very moment the liquid is applied, that agonizing, tantalizing itch disappears, and continued applications of this external remedy soon cure the disease.

We carry in stock this oil of wintergreen properly compounded into D. D. D. Prescription. While we are not sure that it will cure all those cases of skin trouble which are inherited, we positively know that this D. D. D. Prescription, whenever rightly used, will cure every last case of genuine eczema or other skin trouble, which did not exist at birth. We know this. Anyway you, yourself, will know that D. D. D. Prescription instantly takes away the itch the moment it is applied to the skin. Sold by Lee P. Alcott, east side square. Stop that itch to day—Instantly. Just call at our store and try this refreshing and soothing liquid; also ask about D. D. D. soap.

Wanted—For U. S. Army; able bodied, unmarried men between ages of 18 and 25; citizens of United States, of good character and temperate habits, who can speak, read and write English. Special opportunities to see foreign countries. Apply at recruiting office, 216 East State street, Jacksonville, Ill.

WE have at last found what we have been looking years to find; a complete line of Rubber Goods that the manufacturers have confidence enough in to absolutely guarantee for 2 years to the consumer. We honestly believe every one of them will last 5 years. The line is so much out of the ordinary that we can not begin to describe the difference between "THE EVER-RITE LINE" and the other kinds, but wish you might drop in at our store and see for yourself. The prices are right too, in fact, they are cheaper than the other kind, considering the quality.

See our window display this week and then come in and let us explain the WHY of it. Remember we are the exclusive agents in this town for "THE EVER-RITE LINE." Manufactured by THE IDEAL RUBBER MFG. CO., of Chicago.

Mrs. Robert Halsted and three children returned to their home in San Antonio, Texas yesterday after an extended visit at the home of her parents, Mr. and Mrs. W. A. Smith. They were accompanied home by Mr. and Mrs. Smith, who will probably remain in the south until spring.

Joseph Lombard of Waverly was among the Wednesday callers in the city.

A gang of rough boys is reported infesting South East street, south of the brook and if they are not careful they will be dealt with severely. A short time since Verans Coover was returning home when a number of young hoodlums set on him and used him very roughly, hurting him and tearing his clothes, and almost frightening him out of his senses. He says he gave them no occasion for it whatever, the boys coming at him with the remark, "We have it in for you, kid." A little more of such conduct will land the offenders where they belong.

**PARTY AT LUKEMAN HOME.**

The pleasant home of Mr. and Mrs. T. J. Lukeman, six miles east of the city, was the scene of a most enjoyable gathering Tuesday evening. Mr. Lukeman and family are soon to leave that neighborhood, and for this reason the function was given. It was planned and successfully carried out by Mrs. Jacob Strawn and Mrs. James Green and the delightful evening which was enjoyed by over forty friends, was due to the efforts of these two ladies.

The feature of the evening was dancing to the splendid music furnished by Messrs. Scott, Lorton and Strawn. An elegant oyster supper was served which had been prepared by Mrs. Strawn and Mrs. Green, and at a late hour the guests departed, expressing their regrets over having to lose such pleasant neighbors.

Among those present from a distance were Mr. and Mrs. Ben Lorton, James Scott, and Messrs. Hopper and Deutsch of this city, Miss Leila Davis and Donald O'Neal of Arnold and William Masters of Pisgah.

Herbert Henderson left his bicycle out in front of his place of business Tuesday night and when he came down in the morning he found that some one had taken a knife and cut a gash two inches long in both tires, making it necessary to buy two new tires. Mr. Henderson is at loss to know who did the cowardly and contemptible trick and what was the motive that prompted such action. The party who did the cutting certainly had little regard for the property of others and less respect for himself.

## ILLINOIS NEWS NOTES

**Excitement in Catholic Circles—Priest Scores "Eligibles" For Not Marrying—Ashland Girl Injured—Joyousness Causes Death.**

**Unmarried Members Attacked.**

Taylorville—There is much excitement in Catholic circles as a result of an attack upon the unmarried members of the church by Father Merscher, in his sermon Sunday. The priest declared that although there were more than 400 "eligible" one in his flock, only four marriages took place in the parish during the year 1907. Only one of these marriages was a strictly Catholic mating, one of the other parties in the other alliances having been brought up outside the pale of the church. Father Merscher scored his parishioners for the condition of things and expressed the hope that all of his members of marriageable age would tie up during the coming year.

**Corpse Too Big For Door.**

Havana—When it was found a door of thirty-six inches in width would not permit the body of George Robinson to pass through it was necessary to cut off ten inches of the side of the house so the casket could come out. Mr. Robinson was 67 years old. He weighed 250 pounds and through an illness of four months never lost a pound. Across his body he measured thirty-six inches.

**Ashland Girl Is Injured.**

Ashland—Miss Helen Fehy, the 10-year-old daughter of Mr. and Mrs. John Fehy, suffered a very painful accident Tuesday. She was playing in the hall of the public school, when she fell in such a manner as to break her arm below the elbow. She was removed to her home, where medical attention was summoned.

**Joyousness Causes Girl's Death.**

Sterling—Joyous because she was to be promoted in school, 9-year-old Catherine Loren of this city contracted brain fever before school opened and died. She was an ambitious child and the strain of study left her in a mental state which yielded readily to excitement and the consequent attack.

**School Board Being Investigated.**

Peoria—As the result of a bitter school fight at Peoria Heights, members of the school board are being investigated by the grand jury under the charge of having diverted some of the public funds. It is charged specifically that coal purchased with school money found its way into the homes of individuals.

**Big Candy Firm to Quit.**

Peoria—The well known firm of Proctor & White, candy manufacturers and distributors, have decided to go out of the candy business and will close up their affairs as soon as possible.

**Scarlet Fever at La Harpe.**

Springfield—Dr. E. F. Baker, an inspector for the state board of health, was sent to La Harpe in Hancock county yesterday to investigate an epidemic of scarlet fever that prevails there. It is reported the quarantines are not enforced with proper diligence.

**WRITES FROM OKLAHOMA.**

The following letter has been received from J. C. Zachary of Paden, Okla., formerly of this county:

To the readers of the Journal and friends: I have been here two years and getting along very well. I like this country very much; the land is not so high as in Illinois, but better. Some people in Morgan county will wonder what makes me talk this way, and the reason is because a man can make more out of the land. I live within ten miles of Jacksonville thirty-three years, and I know all the land around there, and there is none so good as where I live now. One man can tend thirty acres in cotton and 10 acres in corn, and the cotton will make one bale to the acre, which is \$60 a bale, and corn will make from 60 to 80 bushels to the acre, and it is 65 cents now, and this same land can be leased for \$10 a quarter—160 acres.

I have 1,320 acres under lease, and have from two to five years on all of it. I have bought 160 acres and I have seven good farms rented out. I have twelve head of horses and mules, and sixty-three head of cattle, and forty-six head of hogs, and everything else that I need. This country is good enough for me. James C. Zachary, Owner of the Paden Stock Farm.

**RETAIL CLERKS GAVE DANCE.**

The Retail Clerks gave their initial dance Wednesday evening at Piepenbring's hall, which was attended by about thirty couples. Dancing was enjoyed from 8 until 12 to the splendid music furnished by the Goodrick-Osborne orchestra and the evening proved quite a success. This is the first social event that the organization has attempted, but numerous others will be held from time to time. The committee in charge was composed of George Lukeman, W. C. Osborne and E. W. Reine.

Mrs. William Taylor has gone to Indianapolis, Ind., where she will reside. She was accompanied by Miss Elizabeth D. Rhodes and daughter.

## THE MAJESTIC

is made of the same material as the Locomotive—

The boiler jacket of a locomotive—exposed to wear, weather and heat—is made of sheet iron, because for such purposes sheet iron is more durable than sheet steel. The Majestic Range is made of sheet iron—not steel—for exactly the same reason.

It is a long step from locomotives to the range in your kitchen, but the material of which your range is made is of vital importance in your household economy—less repairs.

Sheet iron costs twice as much as sheet steel, but steel will rust, and cracks in your cooking apparatus means loss of heat, waste of fuel, and in a few years the range is ready for the junk heap.

In the body of all Majestic Ranges we now use Majestic Old Style Charcoal Iron. The top and framework are made of Majestic Malleable Iron—the iron that never breaks, cracks or warps, and is so thin that you can do all your cooking without removing the lids.

The locomotive is compelled to stand up under severe tests—good looks will not draw a train of cars. A range built to endure and stand every test is the most economical range that you can buy, and that range is

## CIVIL SERVICE BOARD

Second Annual Report of Commission Has Been Made Public.

## AN INCREASE IN APPOINTMENTS

Positions in the Seventeen State Charitable Institutions All Filled—Promotions Are Made on Merit.

Springfield, Jan. 21.—The second annual report of the Illinois Civil Service Commission, which has just been completed, shows the positions in the seventeen state charitable institutions filled and leaves the commission with eligible lists for all but a few classes of positions.

During the year 1902 1,912 appointments were made, against 1,468 for 1901. The commission conducted 431 examinations in 24 different cities in the state. During the year ending Dec. 31, 1902, 3,193 applications were received; of this number 2,888 were notified for examinations and 1,537 were examined. The expenses of the commission for the year were \$8,036.30.

## Promotion on Merit.

During the year the commission held a number of promotional examinations for first assistant physician, or chief of the medical staff, eye surgeons and ear surgeons, assistant eye and ear surgeons, supervisor and supervisors. As a result of the examinations for chief of the staff three new chiefs have been appointed at the Southern Hospital for the Insane, Anna, Eastern Hospital for the Insane, Kankakee, and the Asylum for Feeble-Minded Children, Lincoln. All of these are physicians who entered the service after a rigid medical examination conducted by the following physicians, who constituted the examining board appointed by the Civil Service Commission: Dr. Hugh T. Patrick, Dr. William E. Quinn, Dr. John B. Murphy, Dr. H. N. Meyer, Dr. E. M. Reading, Dr. Charles E. Kahle, Dr. Theodore Tichen, Dr. Robert Preble, Dr. Maximilian Herzog, of Chicago, and Dr. Frank P. Norbury, of Jacksonville. Dr. Frank Billings, now president of the State Board of Charities, was a member of the examining board until his retirement to become the head of the State Board of Charities.

There is only one woman physician in the service at Kankakee when the civil service law became effective. Women physicians have been appointed at Anna, Peoria, Lincoln, Elgin, and another added to the staff at Kankakee.

## Improved Nursing Service.

The only chief nurse in the service Nov. 1, 1902, was at the Western Hospital for Insane, Watertown. Since then chief nurses have been appointed in the hospitals for insane at Kankakee, Elgin, Jacksonville, Peoria, Anna, and the Asylum for Feeble-Minded Children, Lincoln. The chief nurse receives from \$60 to \$75 a month. They are engaged in perfecting the nursing service of their respective institutions and aiding the medical staff in conducting training schools for the attendants. Twenty graduate nurses have been appointed to assist the chief nurses in their work in the respective institutions, the majority of them going to the Illinois Charitable Eye and Ear Infirmary, Chicago.

Medical internes have been appointed in the Northern Hospital for Insane, Elgin, and the Eastern Hospital for Insane, Kankakee. Dental internes have been appointed at the General Hospital for Insane, Peoria, and the Eastern Hospital for Insane, Kankakee. The board of charities recommended the employment of dental internes in all institutions.

The State Psychopathic Institute, organized at the Eastern Hospital for Insane, Kankakee, for the further education and training of the assistant physicians in the various charitable institutions of the state, has just been opened. Dr. H. Douglas Singer is the director of the institute under temporary appointment at a salary of \$3,000 per year and maintenance. Head farmers have been placed in a number of the institutions. At the Eastern Hospital for Insane, Kankakee, and the Northern Hospital for Insane, Elgin, head farmers have been appointed after an examination which was prepared by Dean Eugen Davenport, of the University of Illinois Agricultural school of Urbana, and Mr. Frank I. Mann, of Gilman. Head farmers also have been appointed at the School for the Deaf, Jacksonville; the St. Charles School for Boys, St. Charles; the State School for Girls, Geneva, and the Asylum for Feeble-Minded Children, Lincoln.

## Attendants Change Rapidly.

The report of the commission shows a material advance in the employment of men and women for the public service and indicates that in the better-paid positions employees are desirous of remaining in the service and making the work permanent. The large percentage of the changes in the institutions is among attendants. These employees do not value their positions sufficiently to desire to make the work permanent, notwithstanding better salaries are offered them that they can earn outside the public service. The conditions surrounding their work in the institutions are much more favorable than they would have outside. The men are protected from the ele-

ments and the women from the annoyances they would meet if they were in domestic service. There is a good opportunity for advancement and increase in salary. There are 757 positions at attendant in the state institutions, about equally divided between men and women.

The changes have shown that the force of attendants is renewed annually. This doesn't mean that all attendants leave the service, by any means, as about 40 per cent continue in the service. Experience has shown that the employees who show an interest in their work and desire to advance are the employees who remain.

## Causes of Changes.

It is anticipated that the increase in salaries and the complete check placed upon employees by the commission will reduce the changes in the institutions materially. Seventy per cent of the attendants in the state institutions are appointed from southern Illinois. Perhaps the change from southern to northern Illinois is, in a measure, responsible for some of the changes. Many employees become homesick; some are unable to accommodate themselves to the changes in their mode of living, while others find the food unsatisfactory. Some leave to better themselves by accepting higher salaries; some get married and find it impossible to remain on that account, as the superintendents are only able to accommodate a limited number of married couples. Some leave because they do not find the work congenial, as they had anticipated. Many enter the service in the hope of finding a position in which they will have an "easy time." They discover when they reach the institution that there is work for them to do, and that if they do not perform the duties assigned to them their services are not desired.

Under the old system employees could leave one institution and go to another without the superintendents being able to keep a check on them or prevent it. Now all applications go through a central head, the State Civil Service commission, and no employee is permitted to resign from one institution and go to another when he seeks reinstatement. He must return to the institution from which he resigned, if reinstatement be granted him. This system has eventually killed the "hospital tramp" and the unfortunate wards of Illinois are no longer annoyed or abused by him.

That discipline in the state institutions has become more rigid is manifested by the number of discharge reported during the past year. These discharges were for the following causes: Disobeying rules, 38; sleeping on duty, 10; fighting, 8; insubordination, 31; cruelty, 37, and intoxication, 37. Seventy-seven employees who quit without notice are regarded as discharged because their departure was a violation of the rules of the institution, which require ten days' notice of resignation.

## New Householders for St. Charles.

Two of the most difficult positions the commission has been called upon to fill are housefather and housemother at the St. Charles School for Boys. These require couples, the husband being not less than twenty-eight years of age and the wife not less than twenty-three. They must have no children. Often technical duties are required of the man. These couples receive \$75 per month and maintenance. They are placed in charge of a cottage containing from twenty-five to forty boys and are responsible for their care. There are three vacancies at present which the commission is endeavoring to fill.

The civil service law was passed by Forty-fourth General Assembly and became effective Nov. 1, 1902, placing 2,108 positions under civil service in the seventeen state charitable institutions. In the original law the exemptions in each institution were superintendent, chief clerk and stenographer. An amendment passed by the Forty-fourth General Assembly added the institution treasurer to the exemptions, so that in the seventeen institutions there are sixty-eight positions not under civil service.

Between Jan. 1 and No. 1, 1903, there were 421 appointments; from Nov. 1, 1902, to Dec. 1, 1902, 1,468 appointments, and from Dec. 21, 1902, to Dec. 31, 1902, there were 1,912 appointments.

## Stops Political Assessments.

The law was passed on the recommendation of Governor Deneen, and in no instance since it became effective has the governor interfered with the commission in any way in the appointment of employees or sought to prevent the removal of an employee against whom complaints or charges had been made.

The commission had no difficulty in stamping out political assessments, and in doing this was aided by the executive, who sent a letter to all superintendents calling their attention to the law and warning them against permitting the assessments of employees or making a collection of funds in the institution for political purposes.

In the institutions the superintendents have not been interfered with by outsiders. Wherever attempts have been made the attention of those seeking to interfere was called to the law. Formerly it was the custom for employees to obtain the support of friends of certain employees, or of transferring them to better or easier positions. The civil service law has eliminated this means of interfering with the management, and superintendents have felt more independent in conducting their institutions.

The present commission consists of William B. Moulton, of Chicago, president; John A. Couesley, Alton, and J. Stanley Browne, of Rockford.

## FRANKLIN.

An interesting revival meeting is in progress at the Christian church, under the direction of the local pastor, R. S. Campbell, assisted by Prof. Nelms, who has charge of the singing.

This woman says that sick women should not fail to try Lydia E. Pinkham's Vegetable Compound as she did.

Mrs. A. Gregory, of 2355 Lawrence St., Denver, Col., writes to Mrs. Pinkham:

"I was practically an invalid for six years, on account of female troubles. I underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend advised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

## FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

## NOBODY SPARED.

Kidney Troubles Attack Jacksonville Men and Women, Old and Young. Kidney ills seize young and old. Come quickly with little warning. Children suffer in their early years.

Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lame and aching backs. The cure for man, woman or child. Is to cure the cause—the kidneys.

Doan's Kidney Pills cure sick kidneys. Cure all forms of kidney suffering. Jacksonville testimony proves it.

George W. Siegfried, living at 321 East Monroe street, Jacksonville, Ill., says: "Doan's Kidney Pills have been used in my family with very satisfactory results when other medicines had failed. We had doctored and used different remedies when my attention was called to Doan's Kidney Pills and I procured a supply at Armstrong's drug store. I do not hesitate to recommend them to the general public as they are certainly all that is claimed for them. They removed all the trouble and made complete cures in every case."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

## Freed from Piles

## THE JOY OF IT.

The utter misery and despair of the sufferer from piles or hemorrhoids can scarcely be described. Not only the intense itching and stinging, not only the dread of a surgical operation, but the whole system seems to be undermined by this horrible disease.

The joy which cured one's experience on being freed from itching, bleeding and protruding piles is told in thousands of letters received in regard to

Dr. A. W. Chase's Ointment.

You need not tell the writers of these letters that there is a cure for piles which Dr. A. W. Chase's Ointment will not cure, for they will not believe it. They alone know how they suffered, and also know that this ointment cured them. It brings relief at once. 50 cts. a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Mr. John Auer, East 5th St., Marysville, Ohio, states:

"For twenty years I could get no relief from itching piles, either from doctors' or other treatments. One box of Dr. A. W. Chase's Ointment positively cured them, to stay cured and the relief and comfort is too great to be described."

## CURE FOR DYSPEPSIA.

### How This Distressing Ailment May Be Banished Without Drugs.

It is amazing that so common a dif-  
ficulty as dyspepsia should be so little  
understood by the general public and  
that its remedy should be so hard to  
find. But it can be cured, and without  
any marvelous nostrums, by observing  
a few important rules of health, says  
the Kansas City Times. The dyspep-  
tic must first fix in his mind the fact  
that his ailment is the result of bad  
habits of eating and living and that  
these must be changed and that drugs  
will do him no good. He must begin  
by avoiding all starchy foods, as po-  
tatoes, rice, oatmeal, beans, etc. Meats,  
soft boiled eggs, milk toast, zwieback,  
etc., are the best foods for avoiding  
fermentation and the gas that causes  
dyspepsia pains. In serious cases but-  
termilk is one of the best dependen-  
cies. Another is boiled milk with a  
slight addition of lime-water. Either  
of these will enable the most chronic  
dyspeptic to procure some sustenance  
about serious distress.

He should drink freely of hot water,  
at least two quarts a day, always tak-  
ing a glass half an hour before meal-  
time. He should not crowd his meals  
close together, as with an impaired  
digestion it is often best to have the  
meals six or seven hours or more  
apart. The rule to be followed is that  
a new meal should not be eaten until  
the previous one is digested or out of  
the way and the stomach has had a  
little rest, and there must be further  
rest after eating.

It is absolutely essential to eat slowly  
and chew with the greatest thor-  
oughness. Complete chewing in the  
mouth, permitting no washing down  
with coffee or tea, salivates the food  
so that it is ready for digestion when  
it goes into the stomach, and persis-  
tence will put good flesh on any lean  
dyspeptic. There is a theory that when  
solid food is chewed in the mouth to  
an absolute pulp that the organs in  
the back of the mouth exercise a selec-  
tive action and send to the stomach  
only that which is fitted to be con-  
verted into blood and tissue, thus relieving  
the digestive organs of handling the  
waste. Whether or not this is correct  
is for the science of the future to de-  
termine. Certain it is that nature gave  
us grinding teeth for the purpose of  
chewing our food and never intended  
that we should swallow it unchewed,  
as do those animals having more than  
one stomach.

**How to Treat Waxed Floors.**  
Those who have waxed floors in  
their dwellings know, according to In-  
doors and Out, how invaluable turpen-  
tine is in cleaning them. With sand  
paper or steel wool, dipped in turpen-  
tine, the blackest coating, which is apt  
to accumulate in winter on waxed  
floors not frequently polished, can be  
easily and quickly removed, and a  
washing with turpentine does much to  
brighten up any waxed floor preparatory  
to the application of a light fresh  
coat of wax and polishing with the  
weighted brush. As with all other  
painters' materials, however, turpen-  
tine is shamefully adulterated, and  
care must be taken to get only the  
best and purest from some thoroughly  
reliable dealer. The usual adulterant  
is cheap benzine, and as benzine  
turns good floor wax a dirty white tur-  
pentine so adulterated has an injurious  
effect on the floor. The floor "waxes"  
made with tallow show less effect  
from adulterated turpentine, but the  
wise householder will use only those  
floor waxes which are made with bees-  
wax and turpentine, with a little par-  
affin, but no tallow.

**How to Renovate Old Silk.**  
Old silk renovated in the following  
way will retain its luster and look as  
well as when new, says Harper's Ba-  
zar: Put two ounces of alcohol, a ta-  
blespoonful of mullage or strained  
honey, a rounded teaspoonful of soft  
soap (dissolve a small piece of good  
quality in water) and two cups of soft  
water in a bottle and shake until well  
mixed. Sponge the silk on both sides  
with the mixture, rubbing well, and  
then shake up and down in a tub of  
cold or cool water, neither rubbing nor  
wringing. Hold by the edge and flap  
off the water, pin the edges to the line,  
and while still damp iron between  
cloths or paper with an iron only mod-  
erately hot.

**How to Care For the Piano.**  
A piano is as sensitive to cold and  
heat as an invalid, so it must not be  
put too near a fire or the wood is  
drawn by the heat. Never leave it near  
an open window if it is raining or this  
will rust the wires and mold the in-  
side. Such an instrument should not  
be put too close to a wall or the sound  
will be deadened, and it should be kept  
closed when not in use. The keys  
should be dusted daily with an old silk  
handkerchief. If they become yellow  
from neglect, rub them with lemon  
juice and a little whiting. Do not let  
the dust fall between the keys.

**How to Clean an Engraving.**  
To clean an engraving place the pic-  
ture on a smooth dead board and cover  
it thinly with common salt which has  
been finely crushed. Squeeze lemon  
juice on to the salt till it is dissolved.  
Raise the board at one end and pour  
boiling water on to the engraving till  
all the lemon and salt are washed off.  
The engraving should then appear  
quite clean and free from stains.  
Leave it on the board till perfectly  
dry.

**How to Invent a Monkey Wrench.**  
If one hasn't a monkey wrench or a  
pair of pliers at hand a straight edge  
nutcracker is just as good and in most  
cases better, because it is easily ad-  
justed and the nutcracker keeps it from  
slipping.

(By Miner & Co.)

Chicago, Jan. 22.—Wheat—Has  
been nervous and quite irregular,  
with prices considerably below the  
close yesterday. Extreme weakness,  
however, was confined to the morn-  
ing session. Much colder weather  
scheduled for the winter wheat  
states by to-morrow and some buy-  
ing late to day was in anticipation  
of damage that would be result from  
a hard freeze with no snow covering  
the fields. On the whole sentiment  
favors the bear side of market and  
a few of the most enthusiastic bears  
are talking of 90c for May wheat.

Corn—Held steady to strong con-  
sidering the weakness in wheat and  
in the provision markets. Toward  
the close some pressure from sales  
forced a small reaction, but declined  
may be said to have met with good  
resistance. It is believed a material  
increase in the stocks of contract  
corn will follow the active options  
of the drying concerns.

Oats—Were neglected and prices  
changes narrow until around mid-  
session. One or two large lots of  
May offered and the market immedi-  
ately declined 1/4c.

Provisions—The list was more ac-  
tive to day. The range to the mar-  
ket has been quite wide and in a  
downward direction. At the moment  
the market does not look any too  
strong.

Washington, Jan. 23.—For Illinois: Fair and colder Thursday, cold wave by night in north; Friday fair.

## AN OLD PHI ALPHA—ALSO AN OLD INDIAN FIGHTER.

Editor Journal—Mr. James E. Babb, now of Lewiston, Idaho, of the class of 1882 Illinois college, sent me a Spokane (Wash.) Statesman, from which the following extracts are taken. Referring to Mr. Beall, Mr. Babb said:

"He was at Illinois college at an early day. Probably he went there through the agency of Dr. Baker of Walla Walla." There were two Bakers at college years ago. One was E. S. Baker, formerly of Tuscola, Ill., now of Cherryvale, Kans., who was graduated in 1847. His brother, Dr. Baker, did not graduate, but went west at an early day and became a millionaire, dying a citizen of Walla Walla, Wash. He was the father of Miss "Mollie" Baker, who was graduated from the Y. L. Athenaeum here, about 1871. She married Hon. Miles Moore, territorial and afterward state governor of Washington. They reside in Walla Walla. Mr. Babb was probably wrong however, for knowing Mr. Beall was not a "Sig" while in college. I turned to the Phi Alpha catalogue, and in the index found this:

"88. Beall, Thos. B., address unknown." Turning to the sketches I found this: "88. Thos. B. Beall entered Illinois college in 1851 from Carlisle, Pa., and left in 1852."

With this explanation the subjoined extract is made from the Spokane Statesman, showing that Illinois college always sends men to the front.

Ensley Moore.

Three survivors of the Steptoe and Wright campaigns against the confederated hostile Indians of the inland Empire in 1855 went over the extended Steptoe battlefield at Rosalia, Whitman county, yesterday, and explained to nearly sixty visitors from Spokane and many citizens of Rosalia the scenes and stirring events in that disastrous fight. These survivors were:

Thomas J. Beall, who now lives near Juliaetta, Idaho; he was Colonel Steptoe's chief packmaster, and participated in the Steptoe battle. Sergeant Michael J. Kenny, who also took part in the battle, and who is now a resident of Walla Walla. J. J. Rohn, also of Walla Walla, who was with Colonel Wright's command the following autumn and was a part of the detachment sent by Colonel Wright to the scene of the Steptoe repulse to recover the remains of the officers and men who fell that action.

The three survivors have been guests of citizens of Rosalia since last Monday. Mr. Rohn and Mr. Kenny are staying at the home of Mr. and Mrs. F. J. Wilmer and Mr. Beall has been a guest at the home of Mr. and Mrs. Ralston McCraig. Many relics of the battle have been unearthed in and around Rosalia. These include a number of revolvers, cannon balls and shells, an axle and a part of one wheel of the howitzer and tin plates.

## PUBLIC SALE

The Taggart sale, four miles east of Moredosa, took place Wednesday. Horses, cattle, hogs and farm implements sold for good prices. Mr. Taggart is retiring from farming. The sale was well attended. Charles H. Taylor was the auctioneer and C. H. Kopple clerked.

## HOT BOX AT LIGHT PLANT.

The city was again in darkness Wednesday night, all the street lamps being out in all districts except the square and adjoining streets. The plant tried to light an extra number of lamps last night, which caused a hot box on one of the large machines, which could not be fixed during the night, thus leaving the city in darkness.

## TO DISPOSE OF AUDITORS.

New Management of C. & A. Likely to Dispose With Ticket Collectors.

Springfield News—The new management of the Chicago & Alton is believed to be inclined to dispense with train auditors or ticket collectors, except possibly on the heaviest runs.

For several days past it has been noticed that auditors are being quietly dropped from the lighter runs and it is thought that all will be dropped in the course of the next few weeks except where they are thought to be imperative upon the heavy trains. The auditors were first taken off the Capital City Flyer run between Springfield and St. Louis. The next move was made south of Roadhouse. The last comes to the Bloomington-Roadhouse runs, known as trains 31 and 32 and it is predicted that before another week another batch will be dropped. The auditors were first introduced about two years ago, and their presence left the conductors only the duty of looking after the movement of their train, practically nothing but the responsibility. On the heavy trains, like 1 and 4 and 11 and 8, the auditors are thought a necessity, but on some of the plug runs the conductors believed that they could handle the fares and tickets without any difficulty. The loss of the auditors on the runs mentioned may be temporary only, nothing official on the subject being given on the subject at the general offices in Chicago.

## CRACKER'S BEND.

Rev. R. H. Goodpasture preached at Grace chapel Sunday afternoon. Quite a serious affair happened last week on Turkey Run. One of George Brainer's dogs attacked him in rather a business way, biting him in the calf of the leg, also in one hand. Charlie Loughary called a veterinary surgeon from Arenzville and had his wounds dressed. Mr. Brainer is getting along as well as could be expected under the circumstances. There will be a dog skin for sale as soon as George is able to remove it from the carcass. William Jones is delivering corn to Litchberry to day (Monday).

## DROPS GISH CASE

No Further Investigation Says State's Attorney Bradburn—Belongings of Dead Minister Examined.

Meredosa Budget: State's Attorney Bradburn spent yesterday in Chambersburg for the purpose of making a more thorough investigation in the Gish case, to ascertain whether or not more evidence could be obtained against Mrs. Gish, who has been charged with poisoning her husband. He also took up the matter of a second inquest, which dispatches from Eureka says will be asked for and as matters now stand no arrest will be made and no attention will be paid to the purported demand that is to be made for another inquest. In going through the dead man's effects yesterday several kinds of medicine that he is said to have been taking were found, and among them was found a bottle of "Lapacetic Pills," one of the ingredients of which, as printed in the formula on the bottle, is strychnine. There was also a quantity of nuxvomica, which is deadly poison from which strychnine is obtained, as well as a quantity of quinine and other medicines found. This being the case, and there being no evidence to the effect that Mrs. Gish administered the dose to her husband, the matter, as we have said, will likely be allowed to blow over. Mrs. Gish, however, is said to be bearing up well under the awful charge and says she will remain where she is, at least until ample time has been given for a thorough investigation, and the matter has been cleared up to the satisfaction of all concerned.

## UNUSUAL OPERATION.

Greenfield, Ill., Jan. 22.—Ebert Overby, son of William Overby, a well known farmer living one mile east of Fayette, Ill., who was operated on at Passavant hospital, Jackson, Ill., on Jan. 4, 1908, for what was thought to be hardening or thickening of the stomach, but which proved to be enlargement, and it was necessary to fold the stomach over and sew it together to reduce it in size. This is one of the first and only cases of this kind to be treated in this way. The young man is at the home of his parents and has a fair appetite and without complications set in will be himself again soon. Dr. J. W. Haigrove performed the operation.

## BIG TEXAS SUIT IS CLOSED.

New York, Jan. 22.—The suit of the Maryland Trust company of Baltimore, as trustee for the bondholders of the Houston Oil company of Texas to compel payment of \$38,250,000, the amount due on a lumber contract, was settled her to day. The lumber company will pay five-eighths of the total amount and the balance will be guaranteed to the bondholders of the Houston Oil company. This ends litigation that promised to involve a dozen of the leading industries of Texas.
